Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised.

Policy is a governing principle of management. It is a statement that has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations and/or from customary patterns of formal behavior.

Policy should accomplish the following:

- State a position taken by the District.
- Grant the authority to act.
- Be sufficiently detailed to give adequate direction.
- Be achievable within the real environment of the school and community.
- Provide for impartial procedures.

In addition to the adopted policies, the operation of the School District is governed by and subject to all applicable Laws, Regulations of the Commissioner of Education, Civil Service requirements, Board of Education Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts shall remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the by-laws and policies of the Taconic Hills Central School District shall be the minutes of the meetings of the Board of Education.

**EQUAL OPPORTUNITY AND NONDISCRIMINATION**

The Board of Education, its officers and employees, shall not discriminate in its programs and activities on the basis of race, color, national origin, creed, religion, marital status, sex, age, sexual orientation, disability or predisposing genetic characteristic. The district will provide notice of this policy in accordance with federal and state law and regulation.

This policy of nondiscrimination includes access by students to educational programs, counseling services for students, course offerings, and student activities, as well as recruitment and appointment of employees and employment pay, benefits, advancement and/or terminations.

The Board of Education, its officers and employees shall not discriminate against students on the basis of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation, or gender (including gender identity and expression).

A finding that an individual has engaged in conduct in violation of this policy may result in disciplinary action and/or filing of a report with third parties in the manner prescribed by the district code of conduct, the law or applicable contract.

Nothing in this policy shall be construed to prohibit a denial of admission into, or exclusion from, a course of instruction or activity based on a person's gender that would be permissible under the law, or to prohibit, as discrimination based on disability, actions that would be permissible under the law.

*Annual Notification*

At the beginning of each school year, the district shall publish a notice of the established grievance procedures for resolving complaints of discrimination to parents/guardians, employees, students and the community. The public notice shall:

1. inform parents, employees, students and the community that education programs, including but not limited to vocational programs, are offered without regard to actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation, or gender (including gender identity and expression);
2. provide the name, address and telephone number of the person designated to coordinate activities concerning discrimination; and

3. be included in announcements, bulletins, catalogues, and applications made available by the district.

The Human Resources/Benefits Coordinator has been designated to handle inquiries regarding the district's non-discrimination policies. Contact information for the Human Resources/Benefits Coordinator is available on the district's website. Complaints of sexual harassment or discrimination are covered by policy 0110.

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

The Board authorizes the Superintendent of Schools to establish such rules, regulations and procedures necessary to implement and maintain this policy.

**SEXUAL HARASSMENT**

The Board of Education recognizes that harassment of student, staff and certain “non-employees” (which includes contractors, subcontractors, vendors, consultant and other persons providing services pursuant to a contract, or their employees) on the basis of sex, gender and/or sexual orientation is abusive and illegal behavior that harms targets and negatively impacts the school culture by creating an environment of fear, distrust, intimidation and intolerance. The Board further recognizes that preventing and remedying such harassment in schools is essential to ensure a healthy, nondiscriminatory environment in which students can learn and employees and “non-employees” can work productively.

Sex-based harassment can be comprised of two types of behavior: sexual harassment and/or gender-based harassment. Sexual harassment is unwelcome conduct of a sexual nature, which can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature (see regulation 0110-R for examples). Gender-based harassment includes verbal, nonverbal or physical aggression, intimidation or hostility that is based on actual or perceived gender and sexual stereotypes (see regulation 0110-R for examples). Sexual or gender-based harassment of a student can deny or limit the student’s ability to participate in or to receive benefits, services, or opportunities from the school’s program.

The Board is committed to providing an educational and working environment that promotes respect, dignity and equality and that is free from all forms of sexual harassment. To this end, the Board condemns and strictly prohibits all forms of sexual harassment on school grounds, school buses and at all school-sponsored activities, programs and events including those that take place at locations outside the district, or outside the school setting if the harassment impacts the individual’s education or employment in a way that violates their legal rights.

Under various state and federal laws, students, employees and “non-employees” have legal protections against sexual harassment in the school environment as described above. The district’s Code of Conduct also addresses appropriate behavior in the school environment. Sexual harassment can occur between persons of all ages and genders.

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets of sexual harassment and persons with knowledge of sexual harassment report the harassment immediately. The district will promptly investigate all complaints of sexual harassment, either formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner. Limited disclosure may be necessary to complete a thorough investigation. If the complainant reports that they feel unsafe at school due to the nature of the complaint, the district will determine if accommodations need to be made until the issue is resolved.

If, after appropriate investigation, the district finds that a student, an employee, “non-employee” or a third party has violated this policy, prompt corrective action will be taken in accordance

with the applicable collective bargaining agreement, contract, district policy and state law. Individual nondisclosure agreements may only be used as permitted by law, described in the accompanying regulation. Mandatory arbitration clauses are prohibited in all district contracts and agreements.

All complainants and those who participate in the investigation of a complaint of sexual harassment have the right to be free from retaliation of any kind.

The Superintendent of Schools is directed to develop and implement regulations for reporting, investigating and remedying allegations of sexual harassment. These regulations are to be attached to this policy. In addition, training programs shall be established for students and employees to raise awareness of the issues surrounding sexual harassment and to implement preventative measures to help reduce incidents of sexual harassment. Age-appropriate instructional materials will be incorporated into the curriculum to educate students so that they can recognize and reduce the incidence of sexual harassment.

This policy shall be posted in a prominent place in each district facility, on the district's website, and shall also be published in student registration materials, student, parent and employee handbooks, and other appropriate school publications.

**SEXUAL HARASSMENT REGULATION**

This regulation is intended to create and preserve an educational and working environment free from unlawful sexual harassment on the basis of sex, gender and/or sexual orientation in furtherance of the district's commitment to provide a healthy and productive environment for all students, employees and “non-employees” (i.e., contractors, subcontractors, vendors, consultant and other persons providing services pursuant to a contract, or their employees) that promotes respect, dignity and equality.

Sexual Harassment Defined

"Sexual harassment" means unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature.

“Gender-based harassment” means verbal, non-verbal or physical aggression, intimidation or hostility that is based on actual or perceived gender identity or expression.

Sexual or gender-based harassment occurs when:

1. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of an employee’s or “non-employee’s” employment or a student's education (including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education); or
2. submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting an employee’s or “non-employee’s” employment or a student's education; or
3. the conduct or communication has the purpose or effect of substantially or unreasonably interfering with an employee’s or “non-employee’s” work performance or a student's academic performance or participation in school-sponsored activities, or creating an intimidating, hostile or offensive working or educational environment.

Unacceptable Conduct

School-related conduct that the district considers unacceptable and which may constitute sexual harassment includes, but is not limited to, the following:

1. rape, attempted rape, sexual assault, attempted sexual assault, forcible sexual abuse, hazing, and other sexual and gender-based activity of a criminal nature as defined under the State Penal Law;
2. unwelcome sexual invitations or requests for sexual activity in exchange for grades, promotions, preferences, favors, selection for extracurricular activities or job assignments, homework, etc.;

**Regulation 0110-R**

3. unwelcome and offensive public sexual display of affection, including kissing, making out, groping, fondling, petting, inappropriate touching of one's self or others, sexually suggestive dancing, and massages;
4. any unwelcome communication that is sexually suggestive, sexually degrading or implies sexual motives or intentions, such as sexual remarks or innuendoes about an individual's clothing, appearance or activities; sexual jokes; sexual gestures; public conversations about sexual activities or exploits; sexual rumors and "ratings lists;" howling, catcalls, and whistles; sexually graphic computer files, messages or games, etc;
5. unwelcome and offensive name calling or profanity that is sexually suggestive, sexually degrading, implies sexual intentions, or that is based on sexual stereotypes or sexual orientation, gender identity or expression;
6. unwelcome physical contact or closeness that is sexually suggestive, sexually degrading, or sexually intimidating such as the unwelcome touching of another's body parts, cornering or blocking an individual, standing too close, spanking, pinching, following, stalking, frontal body hugs, etc.;
7. unwelcome and sexually offensive physical pranks or touching of an individual's clothing, such as hazing and initiation, "streaking," "mooning," "snuggies" or "wedgies" (pulling underwear up at the waist so it goes in between the buttocks), bra-snapping, skirt "flip-ups," "spiking" (pulling down someone's pants or swimming suit); pinching; placing hands inside an individual's pants, shirt, blouse, or dress, etc.;
8. unwelcome leers, stares, gestures, or slang that are sexually suggestive; sexually degrading or imply sexual motives or intentions;
9. clothing with sexually obscene or sexually explicit slogans or messages;
10. unwelcome and offensive skits, assemblies, and productions that are sexually suggestive, sexually degrading, or that imply sexual motives or intentions, or that are based on sexual stereotypes;
11. unwelcome written or pictorial display or distribution of pornographic or other sexually explicit materials such as magazines, videos, films, Internet material, etc.;
12. any unwelcome behavior based on sexual stereotypes and attitudes that is offensive, degrading, intimidating, or demeaning, including, but not limited to:
  - a. disparaging remarks, slurs, jokes about or aggression toward an individual because the person displays mannerisms or a style of dress inconsistent with stereotypical characteristics of the person's sex;
  - b. ostracizing or refusing to participate in group activities with an individual during class projects, physical education classes or field trips because of the individual's sex, gender expression or gender identity;
  - c. taunting or teasing an individual because they are participating in an activity not typically associated with the individual's sex or gender

For purposes of this regulation, action or conduct shall be considered "unwelcome" if the student, employee or non-employee did not request or invite it and regarded the conduct as undesirable or offensive. In addition, in the remainder of this regulation, the term sexual harassment will refer to both sexual and gender-based harassment.

**Regulation 0110-R**

Determining if Prohibited Conduct is Sexual Harassment

Complaints of sexual harassment will be thoroughly investigated to determine whether the totality of the behavior and circumstances meet any of the elements of the above definition of sexual harassment and should therefore be treated as sexual harassment. Not all unacceptable conduct with sexual connotations may constitute sexual harassment. In many cases (other than quid pro quo situations where the alleged harasser offers academic or employment rewards or threatens punishment as an inducement for sexual favors), unacceptable behavior must be sufficiently severe, pervasive and objectively offensive to be considered sexual harassment. If the behavior doesn't rise to the level of sexual harassment, but is found to be objectionable behavior, the individual will be educated and counseled in order to prevent the behavior from continuing.

In evaluating the totality of the circumstances and making a determination of whether conduct constitutes sexual harassment, the individual investigating the complaint should consider:

1. the degree to which the conduct affected the ability of the student to participate in or benefit from his or her education or altered the conditions of the student's learning environment or altered the conditions of the employee's or "non-employee's" working environment;
2. the type, frequency and duration of the conduct;
3. the identity of and relationship between the alleged harasser and the subject of the harassment (e.g., sexually based conduct by an authority figure is more likely to create a hostile environment than similar conduct by another student or a co-worker);
4. the number of individuals involved;
5. the age and sex of the alleged harasser and the subject of the harassment;
6. the location of the incidents and context in which they occurred;
7. other incidents at the school; and
8. incidents of gender-based, but non-sexual harassment.

Reporting Complaints

Any person who believes he or she has been the target of sexual harassment by a student, district employee, "non-employee" or third party related to the school is required to report complaints as soon as possible after the incident in order to enable the district to effectively investigate and resolve the complaint. Targets are encouraged to submit the complaint in writing; however, complaints may be filed verbally.

Complaints should be filed with the Title IX coordinator.

Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint to the school administration, and then shall immediately notify the Title IX coordinator. School employees receiving complaints

**Regulation 0110-R**

of sexual harassment from “non-employees” shall direct the complainant to a member of Administration who will inform the Title IX coordinator.

In order to assist investigators, targets should document the harassment as soon as it occurs and with as much detail as possible including: the nature of the harassment; dates, times, places it has occurred; name of harasser(s); witnesses to the harassment; and the target's response to the harassment.

Confidentiality

It is district policy to respect the privacy of all parties and witnesses to complaints of sexual harassment. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's need for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a thorough investigation, or to take necessary action to resolve the complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant that:

1. the request may limit the district's ability to respond to his/her complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the harassment and preventing the harassment of other students, ~~or~~ employees or “non-employees.”

Investigation and Resolution Procedure

A. Initial (Building-level) Procedure

A member of Administration shall conduct a preliminary review when they receive a verbal or written complaint of sexual harassment, or if they observe sexual harassment. Except in the case of severe or criminal conduct, the Title IX coordinator should make all reasonable efforts to resolve complaints informally at the school level. The goal of informal investigation and

**Regulation 0110-R**

resolution procedures is to end the harassment and obtain a prompt and equitable resolution to a complaint.

As soon as possible but no later than three working days following receipt of a complaint, the Title IX coordinator should begin an investigation of the complaint according to the following steps:

1. Interview the target and document the conversation. Instruct the target to have no contact or communication regarding the complaint with the alleged harasser. Ask the target specifically what action he/she wants taken in order to resolve the complaint. Refer the target, as appropriate, to school social workers, school psychologists, crisis team managers, other school staff, or appropriate outside agencies for counseling services.
2. Review any written documentation of the harassment prepared by the target. If the target has not prepared written documentation, instruct the target to do so, providing alternative formats for individuals with disabilities and young children, who have difficulty writing and need accommodation.
3. Interview the alleged harasser regarding the complaint and inform the alleged harasser that if the objectionable conduct has occurred, it must cease immediately. Document the conversation. Provide the alleged harasser an opportunity to respond to the charges in writing.
4. Instruct the alleged harasser to have no contact or communication regarding the complaint with the target and to not retaliate against the target. Warn the alleged harasser that if he/she makes contact with or retaliates against the target, he/she will be subject to immediate disciplinary action.
5. Interview any witnesses to the complaint. Where appropriate, obtain a written statement from each witness. Caution each witness to keep the complaint and his/her statement confidential.
6. Review all documentation and information relevant to the complaint.
7. Where appropriate, suggest mediation as a potential means of resolving the complaint. In addition to mediation, use appropriate informal methods to resolve the complaint, including but not limited to:
  - a. discussion with the accused, informing him or her of the district's policies and indicating that the behavior must stop;
  - b. suggesting counseling and/or sensitivity training;
  - c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior;

**Regulation 0110-R**

- d. requesting a letter of apology to the complainant;
  - e. writing letters of caution or reprimand; and/or
  - f. separating the parties.
8. Parent/Student/Employee/“Non-Employee” Involvement and Notification
- a. Parents of student targets and accused students shall be notified within one school day of allegations that are serious or involve repeated conduct.
  - b. The parents of students who file complaints are welcome to participate at each stage of both informal and formal investigation and resolution procedures.
  - c. If either the target or the accused is a disabled student receiving special education services under an IEP or section 504/Americans with Disabilities Act accommodations, the committee on special education will be consulted to determine the degree to which the student's disability either caused or is affected by the discrimination or policy violation. In addition, due process procedures required for persons with disabilities under state and federal law shall be followed.
  - d. The Title IX Coordinator (i.e., the investigator) shall submit a copy of all investigation and interview documentation to the Superintendent.
  - e. The investigator shall report back to both the target and the accused, notifying them in writing, and also in person as appropriate regarding the outcome of the investigation and the action taken to resolve the complaint. The investigator shall instruct the target to report immediately if the objectionable behavior occurs again or if the alleged harasser retaliates against him/her.
  - f. The investigator shall notify the target that if he/she desires further investigation and action, he/she may request a district level investigation by contacting the Superintendent of Schools. The investigator shall also notify the target of his/her right to contact the U.S. Department of Education's Office for Civil Rights and/or a private attorney. Employees may also contact the U.S. Equal Employment Opportunity Commission or the New York State Division of Human Rights.

If the initial investigation results in a determination that sexual harassment did occur, the investigator will promptly notify the Superintendent, who shall then take prompt disciplinary action in accordance with district policy, the applicable collective bargaining agreement or state law.

If a complaint received by the Title IX Coordinator contains evidence or allegations of serious or extreme harassment, such as employee to student harassment, criminal touching, quid pro quo (e.g., offering an academic or employment reward or punishment as an inducement for sexual favors), or acts which shock the conscience of a reasonable person, the complaint shall be referred promptly to the Superintendent. In addition, where the Title IX coordinator has a reasonable suspicion that the alleged harassment involves criminal activity, he/she should immediately notify the Superintendent, who shall then contact appropriate child protection and law enforcement authorities. Where criminal activity is alleged or suspected

**Regulation 0110-R**

by a district employee, the accused employee shall be suspended pending the outcome of the investigation, consistent with all contractual or statutory requirements.

Any party who is not satisfied with the outcome of the initial investigation by the Title IX coordinator may request a district-level investigation by submitting a written complaint to the Superintendent within 30 days.

**B. District-level Procedure**

The Superintendent shall promptly investigate and resolve all sexual harassment complaints that are referred to him/her by a member of Administration or the Title IX coordinator, as well as those appealed to the Superintendent following an initial investigation by the Title IX coordinator. In the event the complaint of sexual harassment involves the Superintendent, the complaint shall be filed with or referred to the Board President, who shall refer the complaint to a trained investigator not employed by the district for investigation.

The district level investigation should begin as soon as possible but not later than three working days following receipt of the complaint by the Superintendent or Board President.

In conducting the formal district level investigation, the district will use investigators who have received formal training in sexual harassment investigation or that have previous experience investigating sexual harassment complaints.

If a district investigation results in a determination that sexual harassment did occur, prompt corrective action will be taken to end the harassment. Where appropriate, district investigators may suggest mediation as a means of exploring options of corrective action and informally resolving the complaint.

No later than 30 days following receipt of the complaint, the Superintendent (or in cases involving the Superintendent, the Board-appointed investigator) will notify the target and alleged harasser, in writing, of the outcome of the investigation. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board-appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

The target and the alleged harasser have the right to be represented by a person of their choice, at their own expense, during sexual harassment investigations and hearings. In addition, targets have the right to register sexual harassment complaints with the U.S. Department of Education's Office for Civil Rights.

Employee targets also have the right to register complaints with the federal Equal Employment Opportunity Commission and the New York State Division of Human Rights. Nothing in these regulations shall be construed to limit the right of the complainant to file a lawsuit in either state or federal court. No district contract or collective bargaining agreement may include a binding

**Regulation 0110-R**

arbitration clause for sexual harassment requiring arbitration before bringing the matter to a court.

The district may include nondisclosure agreements (to not disclose the underlying facts and circumstances of a sexual harassment complaint) in any sexual harassment settlement agreement or resolution only if it is the complainant's preference. Any such nondisclosure agreement shall be provided to all parties. Complainants shall have twenty-one days to consider any such nondisclosure provision before it is signed by all parties and shall have seven days to revoke the agreement after signing. Nondisclosure agreements shall only become effective after this seven-day period has passed.

Retaliation Prohibited

Any act of retaliation against any person who opposes sexually harassing behavior, or who has filed a complaint, is prohibited and illegal, and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing of a sexual harassment complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal or physical threats, intimidation, ridicule, bribes, destruction of property, spreading rumors, stalking, harassing phone calls, and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action, up to and including suspension or termination.

Discipline/Penalties

Any individual who violates the sexual harassment policy by engaging in prohibited sexual harassment will be subject to appropriate disciplinary action. Disciplinary measures available to school authorities include, but are not limited to the following:

Students: Discipline may range from a reprimand up to and including suspension from school, to be imposed consistent with the student conduct and discipline policy and applicable law.

Employees: Discipline may range from a warning up to and including termination, to be imposed consistent with all applicable contractual and statutory rights.

Volunteers: Penalties may range from a warning up to and including loss of volunteer assignment.

"Non-employees" (i.e., contractors, subcontractors, vendors, consultant and other persons providing services pursuant to a contract, or their employees): Penalties may range from a warning up to and including loss of district business.

Other individuals: Penalties may range from a warning up to and including denial of future access to school property.

False Complaints

False or malicious complaints of sexual harassment may result in corrective or disciplinary action taken against the complainant.

Training

All students and employees shall be informed of this policy in student and employee handbooks, on the district website and student registration materials. A poster summarizing the policy shall also be posted in a prominent location at each school. All secondary school student body officers shall receive district training about the policy at the beginning of each school year.

In addition, age-appropriate curricular materials will be made available so that it can be incorporated in instruction K-12 to ensure that all students are educated to recognize and report sexual harassment.

All new employees shall receive information about this policy and regulation at new employee orientation. All other employees shall be provided information at least once a year regarding this policy and the district's commitment to a harassment-free learning and working environment. Principals, Title IX coordinators, and other administrative employees who have specific responsibilities for investigating and resolving complaints of sexual harassment shall receive yearly training on this policy, regulation and related legal developments.

Annual employee training programs shall include: (i) an explanation of sexual harassment consistent with guidance issued by the NYS Department of Labor and the NYS Division of Human Rights; (ii) examples of conduct that is unlawful sexual harassment; (iii) information on federal and state laws about sexual harassment and remedies available to victims of sexual harassment; and (iv) information concerning employees' right to make complaints and all available forums for investigating complaints.

Principals in each school and program directors shall be responsible for informing students and staff on a yearly basis of the terms of this policy, including the procedures established for investigation and resolution of complaints, general issues surrounding sexual harassment, the rights and responsibilities of students and employees, and the impact of sexual harassment on the target.

## **STUDENT HARASSMENT AND BULLYING PREVENTION AND INTERVENTION**

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that discrimination, such as harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which creates or can be reasonably expected to create a material and substantial interference with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences.

### **Definitions**

#### **Bullying**

Bullying, under the amended Dignity for All Students Act, has the same meaning as harassment (see below). The accompanying regulation provides more guidance regarding the definition and characteristics of bullying to help the school community recognize the behavior.

#### **Cyberbullying**

Cyberbullying is defined as harassment (see below) through any form of electronic communication.

#### **Discrimination**

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the *Definitions* section, under Harassment, below).

#### **Hazing**

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

#### **Harassment**

Harassment has been defined in various ways in federal and state law and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students

Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).

For the purpose of this definition the term "threats, intimidation or abuse" shall include verbal and non-verbal actions.

In some instances, bullying or harassment may constitute a violation of an individual's civil rights. The district is mindful of its responsibilities under the law and in accordance with district policy regarding civil rights protections.

In order to streamline the wording of this policy and regulation the term bullying will be used throughout to encompass harassment, intimidation, cyberbullying and hazing behaviors.

### **Prevention**

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional

development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civility in the relationships of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, sexes or gender expression or identities will be included in the instructional program K-12.

In order to implement this program the Board will designate at its annual organizational meeting a ***Dignity Act Coordinator (DAC)*** for each school in the district. One of the **DAC's** will be designated as the district-wide coordinator whose responsibilities are described in the accompanying regulation. The role of each **DAC** is to oversee and enforce this policy in the school to which they are assigned.

In addition, the Superintendent will establish a district-wide Shared Decision Making committee as well as the Bullying Prevention sub-committee in each school that will be overseen by the district-wide **DAC**. Committees will include representation from staff, administration, students and parents. The district-wide task force and the school-level committee will assist the administration in developing and implementing specific prevention initiatives, including early identification of bullying and other strategies. In addition, the program will include reporting, investigating, remedying and tracking allegations of bullying. The accompanying regulation provides more detail on the specific programs and strategies implemented by the district.

### **Intervention**

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve remediation. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target. Remediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to report it in accordance with this policy, refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

**Provisions for students who do not feel safe at school**

The Board acknowledges that, notwithstanding actions taken by district staff, intervention may require a specific coordinated approach if the child does not feel safe at school. Students who do not feel safe at school are limited in their capacity to learn and reach their academic potential. Staff, when aware of bullying, should determine if accommodations are needed in order to help ensure the safety of the student and bring this to the attention of the building principal. The building principal, other appropriate staff, the student and the student's parent will work together to define and implement any needed accommodations.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually. The student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

**Incident Reporting and Investigation**

Although it can be difficult to step forward, the district can't effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to make an oral report to building principal within one school day and to fill out the district reporting form within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination or harassment if he/she fails to report an observed incident, whether or not the target complains.

At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy, or, if applicable, [0100, Equal Opportunity and Nondiscrimination, or 0110, Sexual Harassment] and the district's Code of Conduct. The building principal will prepare a semester report for the Superintendent based on complaints filed.

An equitable and thorough investigation will be carried out by the building principal in accordance with the accompanying regulation. In addition, the results of the investigation shall be reported back to both the target and the accused as specified in the accompanying regulation. If either of the parties disagrees with the results of the investigation, they can appeal the findings in accordance with the regulations that accompany this policy. Verified bullying incidents that meet the criteria established by the state will be included in the statewide reporting system when applicable, in accordance with law and regulation.

The Board will receive the annual VADIR report, as well as any other state-required report relevant to bullying and/or school climate, for each building and for the district as whole. Based on the review of the data, the Board may consider further action, including but not limited to modification of this policy and additional training.

**Disciplinary Consequences/Remediation**

While the focus of this policy is on prevention, acts of bullying may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Student offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action that is measured, balanced and age-appropriate will be taken by the administration in accordance with the district's Code of Conduct, as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors, and must be consistent with the district's Code of Conduct.

**Non-Retaliation**

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

**Training**

The Board recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent, the district wide DAC and the District Professional Development Team will incorporate training to support this program in new teacher orientation and the annual professional development plan, as needed. Training opportunities will be provided for all staff, including but not limited to bus drivers, cafeteria and hall monitors and all staff who have contact with students. The DACs will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

**Dissemination, Monitoring and Review,**

This policy, or a plain language summary, shall be published in student registration materials, student, parent and employee handbooks, and posted on the district's website. A bullying complaint form will be available on the district's website. The district will ensure that the process of reporting bullying is clearly explained to students, staff and parents on an annual basis.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If

changes are needed, revisions will be recommended to the Board for its consideration.

The district will ensure that reporting of information to the public in conjunction with this policy will be in a manner that complies with student privacy rights under the Family Educational Rights and Privacy Act (FERPA).

**STUDENT HARASSMENT AND BULLYING PREVENTION AND INTERVENTION REGULATION**

The Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing, intimidation and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which can be reasonably expected to materially and substantially interfere with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences

**Definitions**

**Bullying**

Under the amended Dignity for All Students Act bullying and harassment are equivalent and used interchangeably. In order to facilitate implementation, provide meaningful guidance and prevent behaviors from rising to a violation of law, bullying is further understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity. It may be subtle or easy to identify, done by one person or a group. Bullying often includes the following characteristics:

1. **Power imbalance** - occurs when a bully uses his/her physical or social power over a target.
2. **Intent to harm** - the bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
3. **Threat of further aggression** - the bully and the target believe the bullying will continue.
4. **Terror** - when any bullying increases, it becomes a “systematic violence or harassment used to intimidate and maintain dominance.”

(Barbara Coloroso, *The Bully, The Bullied & The Bystander*, 2003)

There are at least three kinds of bullying: verbal, physical and social/relational.

- Verbal bullying (which can be delivered orally, electronically or in writing) includes name calling, insulting remarks, verbal teasing, frightening phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, anonymous notes, etc.
- Physical bullying includes poking, slapping, hitting, tripping or causing a fall, choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property, or threatening gestures.

- Social or relational bullying includes excluding someone from a group, isolating, shunning, spreading rumors or gossiping, arranging public humiliation, undermining relationships, teasing about clothing, looks, giving dirty looks, aggressive stares, etc.

The New York State Education Department provides further guidance on bullying and cyberbullying prevention on the following website:  
[http://www.p12.nysed.gov/technology/internet\\_safety/documents/cyberbullying.html](http://www.p12.nysed.gov/technology/internet_safety/documents/cyberbullying.html)

### **Discrimination**

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as listed under *Harassment* as defined below).

### **Harassment**

Harassment has been defined in various ways in federal and state law (including the penal law) and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent behaviors from escalating to violations of law and, instead, to promote a positive school environment and limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

Race	Disability
Color	Religion
Weight	Religious practice
National origin	Ethnic group
Sex	Sexual orientation
Gender (including gender identity and expression).	

- Gender identity is one's self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
- Gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

For purposes of this definition, the term "threats, intimidation or abuse" shall include verbal and non-verbal actions.

**Regulation 0115-R**

**Hazing**

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

**Prevention**

Prevention is the cornerstone of the district's effort to address bullying . The components of such an effort involve the following:

- Following the principles and practices of “*Educating the Whole Child Engaging the Whole School: Guidelines and Resources for Social and Emotional Development and Learning (SEDL) in New York State – Adopted by the Board of Regents July 18, 2011.*” District curriculum will emphasize developing empathy, tolerance and respect for others.
- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying.
- Gathering information about bullying at school directly from students (through surveys and other mechanisms); analyzing and using the data gathered to assist in decision-making about programming and resource allocation.
- Establishing clear school wide and classroom rules about bullying consistent with the district's code of conduct.
- Training adults in the school community to respond sensitively and consistently to bullying.
- Raising awareness among adults, through training, of the school experiences of marginalized student populations (as enumerated in the *Definitions* section above), social stigma in the school environment, gender norms in the school environment, and strategies for disrupting bullying or other forms of violence.
- Providing adequate supervision, particularly in less structured areas such as in the hallways, cafeteria, school bus and playground.
- Raising parental awareness and involvement in the prevention program and in addressing problems.

- Using educational opportunities or curriculum, including, if applicable, the Individual Educational Program (IEP), to address the underlying causes and impact of bullying.

The Superintendent will appoint a district-wide bullying prevention committee, chaired by the districtwide DAC. The committee will include representation from staff, administration, students and parents. The committee will assist with the development and implementation of the prevention and intervention program, which may include the strategies listed above. Building-level committees will be appointed by the building principal and will include representation from staff, administration, students and parents associated with that building.

### **Role of the Dignity Act Coordinator(s) (DAC)**

The Board of Education will annually designate a staff member, who has been thoroughly trained in human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity and expression), and sex, as the Dignity Act Coordinator (DAC) for each school, accountable for implementation of this policy. In addition, one will be designated as the district-wide coordinator who will be responsible for ensuring equivalency in programming across buildings. The building-level DAC will be responsible for coordinating and enforcing this policy and regulation in the school to which they are assigned, including but not limited to coordination of:

- the work of the building-level committees;
- professional development for staff members and,
- the complaint process, and
- management of the Dignity Act's civility curriculum components.

### **Incident(s) Reporting**

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets and persons with knowledge of bullying report such behavior immediately to the principal, or the principal's designee as soon as possible after the incident so that it may be effectively investigated and resolved. The district will also make a bullying complaint form available on its website to facilitate reporting. The district will collect relevant data from written and verbal complaints to allow for systematic reporting.

Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to orally report it to building principal within one school day and to fill out the district reporting form within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination or

harassment if he/she fails to report an observed incident, whether or not the target complains.

The district will thoroughly, promptly and equitably investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner, although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the bullying as soon as it occurs and with as much detail as possible including: the nature of the incident(s); dates, times, places it has occurred; name of perpetrator(s); witnesses to the incident(s); and the target's response to the incident.

**Confidentiality**

It is district policy to respect the privacy of all parties and witnesses to bullying. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's desire for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a prompt and thorough investigation, and/or to take necessary action to resolve the complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant that:

1. the request may limit the district's ability to respond to his/her complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the bullying and preventing the bullying of other students.

**Investigation and Resolution Procedure****A. Initial (Building-level) Procedure**

Whenever a complaint of bullying is received whether verbal or written, it will be subject to a thorough preliminary review and investigation. Except in the case of severe or criminal conduct, the principal, or the principal's designee shall make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying, prevent future incidents, ensure the safety of the target and obtain a prompt and equitable resolution to a complaint.

As soon as possible, but no later than five school days following receipt of a complaint, the principal, or the principal's designee will begin an investigation of the complaint by:

- Reviewing any written documentation provided by the target(s).
- Conducting separate interviews of the target(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations.
- Providing the alleged perpetrator(s) a chance to respond and notify him/her that if objectionable behavior has occurred, it must cease immediately. The individual will be made aware of remediation opportunities as well as potential disciplinary consequences.
- Determining whether the complainant needs any accommodations to ensure his/her safety, and following up periodically until the complaint has been resolved. Accommodations may include, but are not limited to:
  - A "permanent" hall pass that allows the student to visit a designated adult at any time;
  - Access to private bathroom facilities;
  - Access to private locker room facilities;
  - An escort during passing periods;
  - If the student feels unsafe in a specific class, an opportunity for individual tutoring or independent study until the case is resolved;
  - An opportunity for independent study at home with district-provided tutor until the case is resolved;
  - Permission to use personal cell phone in the event that the student feels threatened and needs immediate access to parent or guardian;
  - Assignment of a bus monitor.

the district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually, and the student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Parents of student targets and accused students should be notified within one school day of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to:

- a. discussion with the accused, informing him or her of the district's policies and indicating that the behavior must stop
- b. suggesting counseling, skill building activities and/or sensitivity training
- c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior
- d. requesting a letter of apology to the target
- e. writing letters of caution or reprimand; and/or
- f. separating the parties

Appropriate disciplinary action shall be recommended and imposed in accordance with district policy, the applicable collective bargaining agreement or state law. The district will make every reasonable effort to attempt to first resolve the misconduct through non-punitive measures.

The investigator shall report back to both the target and the accused, within five business days notifying them in writing, and also in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint. The actions taken will be in conformance with the *Remediation/Discipline/Penalties* section of this regulation. The target shall report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against him/her.

If a complaint contains evidence or allegations of serious or extreme bullying, or a civil rights violation, the complaint shall be referred promptly to the Superintendent. The complainant will also be advised of other avenues to pursue their complaint, including contact information for state and federal authorities.

In addition, where the principal, or the principal's designee has a reasonable suspicion that the alleged bullying incident involves criminal activity, he/she

should immediately notify the Superintendent, who shall then contact the school attorney, appropriate child protection and, if appropriate, law enforcement authorities.

Any party who is not satisfied with the outcome of the initial investigation may request a district-level investigation by submitting a written complaint to the Superintendent within 30 days.

**B. District-level Procedure**

The Superintendent or his/her designee shall promptly investigate and equitably resolve all bullying complaints that are referred to him/her, as well as those appealed to the Superintendent following an initial investigation. In the event the complaint involves the Superintendent, the complaint shall be filed with or referred to the Board President, who shall refer the complaint to an appropriate independent individual for investigation.

The district level investigation should begin as soon as five business days following receipt of the complaint by the Superintendent or Board President.

In conducting the formal district level investigation, the district will endeavor to use individuals who have received formal training regarding such investigations or that have previous experience investigating such complaints.

If a district level investigation results in a determination that bullying did occur, prompt corrective action will be taken to end the misbehavior in accordance with the *Remediation/Discipline/Penalties* section of this regulation.

No later than 30 days following receipt of the complaint, the Superintendent (or in cases involving the Superintendent, the Board-appointed investigator) will notify the target and alleged perpetrator, in writing, of the outcome of the investigation. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board-appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

Any party who is not satisfied with the outcome of the district-level investigation may appeal to the Board of Education by submitting a written request to the Board President within 30 days.

**C. Board-level Procedure**

When a request for review by the Board has been made, the Superintendent shall submit all written statements and other materials concerning the case to the President of the Board.

The Board shall notify all parties concerned of the time and place when a hearing will be held. Such hearing will be held within 15 school days of the receipt of the request of the complainant.

The Board shall render a decision in writing within 15 school days after the hearing has been concluded.

The district shall retain documentation associated with complaints and investigations in accordance with Schedule ED-1.

**Retaliation Prohibited**

Any act of retaliation against any person who opposes bullying behavior, or who has filed a complaint, is prohibited and illegal, and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified assisted, or participated in any manner in an investigation, proceeding, or hearing of a bullying complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal or physical threats, intimidation, ridicule, bribes, destruction of property, spreading rumors, stalking, harassing phone calls, and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action up to and including suspension or termination.

**Remediation/Discipline/Penalties**

Any individual who violates this policy by engaging in bullying will be subject to appropriate action, which may include disciplinary action. The Board recognizes that a comprehensive accountability system is necessary to improve the effectiveness of the district's schools by keeping the primary focus on student achievement and on what can and should be done to improve that achievement.

Consistent with its obligations and commitments, the Board will:

## **BOARD SELF-EVALUATION**

The Board shall review the effectiveness of its internal operations at least once annually. The Superintendent of Schools and others who work regularly with the Board shall be asked to participate in the review and to suggest ways by which the Board can improve its functioning as a deliberative and legislative body.

An effective program of evaluation contains many features. The following conditions are crucial to evaluation that has as its primary purpose the improvement of Board leadership:

- a) Board members should be involved in the development of the standards by which they will evaluate themselves.
- b) The evaluation should be a composite of the individual Board member's opinions; the Board as a whole should meet to discuss the results and expressed opinions.
- c) The evaluation should include a discussion of strengths as well as weaknesses.
- d) The Board should not limit itself to those items that appear on the evaluation form. No form or set of guidelines could encompass the totality of a Board's responsibilities.
- e) Each judgment should be supported by as much rational and objective evidence as possible.

When the Board has received the composite profiles from the evaluation, the Board will discuss the results in detail and formulate a series of objectives for the ensuing year. These objectives will be stated in the form of behavioral change or productivity gains. The chances that improvement will result are enhanced if evaluation is carried out systematically in accordance with good planning, conscientious follow-through, and careful assessment of results.

The Board shall use the NYSSBA self-evaluation survey

3. Strengthen the working relationship between the Board and the superintendent.
4. Provide a basis for commending, rewarding and reinforcing good work.

The evaluation shall focus on the goals the Board sets for the superintendent each year as well as the duties and competencies specified in the superintendent's job description.

The procedures the Board uses for evaluating the superintendent shall be filed in the district office and available for review by any individual no later than September 10th of each year.
